Also, we have a wide sales and marketing network across the world with very hardworking & sincere team of trained and motivated professionals.

Our Aim

Our aim is to become a well reputed company with capabilities to undertake and complete turnkey projects of magnitude comparable to compete new oil mills.

Our Customers

We believe that a customer is an asset. Customers are our best product managers, our best evangelists, and perhaps the only people in the world who tells the truth about our company and our products. We help our customers by involving them

in a positive, passionate, way about our business and talk with them and treat them as equal partners.

We believe that at the end of the day, every company lives and dies by how well they serves, supports and interact with their customers. Every customer experience is put on the Global scale of Success or Failure.

We are doing everything we can, not only to reduce the number of negative experiences with Hetaksh Essential Oils, but to create a positive environment.

Packing & Storage

All the Products are supplied to the Customers in standard packing viz. UN approved Aluminium bottles, HDPE Drums, G.I. Drums and Fibre Drums. We take utmost care in Export shipments by palletizing and shrink-wrapping the drums to ensure no wear and tear is experienced in transit and the material reaches to the customer safely. All Fresh and finished raw materials are stored on site in large, well maintained storage warehouses. This environment is kept scrupulously clean without the use of pesticides.
